Wally P. has been actively involved with the recovery community for more than 31 years. Wally has been free of alcohol and drug addiction for 31 years, food addiction for 29 years, and sex addiction for 28 years. He has conducted seminars for numerous Twelve-Step fellowships.

He is the creator of the Back to Basics and Back to the Basics of Recovery programs. In the past 24 years, Wally has personally taken more than 100,000 through the Steps using these formats. Wally, along with others, have taken a total of more than 750,000 through the work. These are the most effective and successful programs ever used to take newcomers as well as those with long-term recovery through the Twelve Steps.

This weekend’s activities are based on Wally’s Back to the Basics of Recovery program, which is for all addictive and/or compulsive behaviors. All “Big Book” passages have been modified so they are gender neutral and apply to everyone, whether they have a problem with drugs, alcohol, food, sex, gambling, finances, relationships, or any other addictive and/or compulsive behavior.

Brit S-P. has been actively involved with the first of the Twelve-step communities for more than 30 years. She has been Wally’s Co-presenter for the past three years.
